THURSDAY, APRIL 19, 1883.

Business in Dodge is greatly on the in-

month of April.

John Rapp and A. C. Frick of the east end, were in the city this week. The public school opened Monday morn-

ing with an attendance of 170 pupils. Thos. C. Owen has returned from several

months absence in the east. He intends to remain permanently.

The weather is alternating between cool and warm-the genial rays of the sun are manifestly favorable.

Mrs. Lieut. Sharp, of Supply, daughter of Judge Beverley, is visiting her parents and friends in the city.

The TIMES office has new presses and new type, and is prepared to do job printing neatly, cheaply and quickly.

The grass is growing finely. The prairie is now covered with the yerdure of spring.

H. Sturm has re-opened the stable in the rear of his place of business. The stable will be in charge of a son of Mr. A. C. Frick, of Offerle.

The ladies of the M. E. Church are requested to meet at the residence of H. Drake Friday afternoon at three o'clock sharp for election of officers.

A son was born to. Mr. and Mrs. Albert Dornhoeffer on the 11th inst. Mother and child are doing well. Thus the population of Dodge increases.

Perry Welden, of Topeks, has removed his family to this place. Mr. Welden is employed as book-keeper in the house of Wright, Beverley & Co.

C. L. Reed and wife are visiting friends in Ford and Rush counties. Mr. Reed resides in Iowa and has a stock ranch in Rush county. Charley is a genial fellow.

Judge Fringer is putting up a dwelling on Bridge street. The contract was limited or fixed so that the builder was obliged to do the work on the cannon ball plan.

Messrs. M. W. Sutton, R. M. Wright and G. M. Hoover went to Topeka this week, on business at the Attorney General's office, regarding the indemnity to Ford county.

Hon. Henry Booth, Receiver of the Larned Land Office, was in the city last week, attending the convention of cattlemen. He was accompanied by his brother, a stranger in these parts.

Mr. Covert, who is now engaged as bookkeeper for Wright, Beverley & Co., on the first of May will take charge of the Wright House. Mr. Wright and family will take part in the exercises: N. B. The Third Bienniel Report of the State Board of Agriculture has been received. The report is extensive, embracing a general summary of the stock, industrial and agricultural interests of the State. The geology and th school system of Kansas are distinctive features of the report.

"The truthfulness of the Bible and of the Christian religion," was the title of the sermon discoursed by Elder Collins on Sunday evening. The same subject will be continued next Sanday evening, the magnitude of the question requiring more elaboration than can be given in a short sermon.

THE NEW LAND DISTRICT

Judge Peters, Congressman from this district, informs us that the new land office will be established and in operation about the 15th of June. The appointments of Receiver and Register will probably be made The March winds have lapped into the about May 1st. H. P. Myton of this city will receive the appointment of Register; and who will receive the appointment of Receiver we are not advised. The office will be located at Garden City. The boundary lines of the district will be established by an order from the President, and will include the area of Ford, Finney, Hamilton and Seward counties, and some of the unorganized counties north of these. The business of the office will be limited for a time, at least; the salary of either office being fixed at the minimum rate of \$500 per year; and some perquisites will increase this sum. Garden City the seat of the new land office already begins to smile like the radiant spring, and with the onion crop and the land office pickings will blossom like a rose in the June time.

We have made arrangements to enlarge the Times to a 7-column folio, and will issue the first number of the enlarged sheet on the All kinds of stock will prosper with the 17th of May, the beginning of the eighth year of the publication of the Donge CITY TIMES. As we have been at considerable expense in the purchase of two new presse and type, it will be quite acceptable to re ceive the small sums owing us on subscription or account. We shall require money to meet our obligations, and we know our friends and patrons will make prompt payments. The increased business and popular favor accorded the TIMES has induced us to make an outlay for new material. We shall endeavor to continue to merit the confidence and best wishes of the public; and shall issue the enlarged paper to meet the demands of our business, and to gratify the pride and desire of ourselves and of our friends.

> The dispatches indicated that the stock meeting at Dodge City this week would be well attended, and we suppose it was, and in due time the Index will give its readers the most important proceedings. For some unaccountable reason the Dodge City papers nearly ignored the Medicine Lodge meeting. It did not matter much, however. This town will yet make the way station on the Santa Fe wish it were dead.—Medicine Lodge Index.

> The degree of selfishness is exceedingly exemplified this sesson throughout. Is the example of the towns only a slight indifference caused by a want of interest? We are sorry that the Index hasn't been provided with the reports.

The following is the programme for the next meeting of the Dodge City Literary Society:

The just now popular word dude, meaning an empty-headed, languid-mannered young swell who bangs his hair, proves to be no foreign importation, but, like many another expressive term, to be of good New England parentage. The word (pronounced in two syllables) has been used in the little town of Salem, N. H., for twenty years past and it is claimed was coined there. It is common there to speak of a dapper young man as a "dude fellow," of a small animal as "a little dude," of a sweetheart as "my dude" and of an æsthetic youth of the Wilde type as a dude. But how the word attained so sudden and widespread a notoriety puzzels Salem. Its rival at New York is credited to a disgusted Englishman, who remarked, after visiting a rich club, that the young men were all "dudes."
